

Camp Quality Canada provides one-week camp experiences to children, ages 4-18, affected by childhood cancer, free of charge.

Camp Quality is more than just a camp, it is a family, an escape, an adventure and time to develop new skills. We are about fun, friends and empowerment; an opportunity to try new and different things while being in the comfort of a supporting family.

Every \$1,500 you raise will help send a child to camp next summer!
