A Note from Camp Quality Alberta

2023 was our first year back at in-person camp since the pandemic began. We were so excited to be back together in person after 3 years of virtual programs, and we cannot wait to continue to grow our camper and volunteer base.

Looking Forward

Families are telling us they want to come to camp together so we are piloting some new opportunities. We need more volunteers to make this happen so we are focusing on retention and recruitment, as well as growing our funding base to ensure we have the funds necessary to meet the needs of our community.

What makes camp so special?

"When I'm in school I feel like I get judged for one small thing that I do by everyone. Here, (Camp Quality) I can do what I want without getting judged by everyone." - Teen camper

"It's so wonderful to see my kids being kids, it's so wonderful to see the kids acting normal, it's so wonderful to know that they are safe and well cared for.." - Parent

NEW in 2023
