MEASURING WHAT MATTERS

SUMMER MEMORIES

What does Camp mean to me?
Family, New Experiences,
Laughing, Friends, Good food,
Sunsets, Crying, hugs, Goodbyes,
and most importantly...
FUN!!

Camp means a time to see old friends
make new ones, a time to come out of
our shell and get some new interest and
opportunities.
A place to find a new version of your self

Camp is a place where I
can let my inner child run
free, and a place I don't
worry about being judged.

"Camp was an amazing magical experience, one of those once in a lifetime events, that changes your life. I have already signed up for next year, can't wait! LOL!! "Camp is definitely a family and not a place"

"Camp is truly a special place, where so many people from such diverse backgrounds and experiences come together in a way that is just not typically seen anymore, to ensure that all of our campers and volunteers have an amazing time at camp! Truly some of the greatest people you will meet and become friends with."

"Being a camper made me want to return and give back that magic everyone gave to me."

EMPOWERING LEADERS AND SUPPORTING CAMPERS

Highlighting our focus on building strong leaders and ensuring campers receive the support they need, our training equips volunteers with the skills, confidence, and resources to succeed, we create an environment where everyone feels empowered and inspired. Our training follows a three-stage process: interactive virtual modules, a half-day in-person session, and on-site health and safety training before camp.

TEEN LEADERSHIP

Our Teen Leadership Programming is truly unique, offering campers the chance to travel across Canada and form meaningful connections with peers who share similar experiences. Tailored specifically for 14-17 year olds, this program provides a vital space for building community and fostering connections. Many participants have shared that they face challenges in making friends and balancing the pressures of school at home. Here, they can explore new places, be themselves, and thrive in a safe and supportive environment.
